The Fitzwilliam Museum is the art & antiquities museum of the University of Cambridge, presenting world history and art far back to 2500 BC. What really excites me is Monet's painting, which is called "Impressionism". I do see how these paintings are "Impression", that IS amazing!

Negotiation

TOPIC: Adjusting the price of fossil oil ...

Stages of negotiation

- preparation
- exchange information
- bargaining
- closing & commitment

We had a negotiation workshop with Gemma and what we need to do is to negotiate the price of fossil oil in domestic country. So we have to assess the situation as well as our GOAL. Then we exchange information with our counterpart, look for interest behind positions. This is fun and help me improve negotiation skills.

Full Day Excursion to Oxford

6 AUGUST

It's a free day so we planned to go to Oxford!!! Oxford is relatively small, and the attractions and historic buildings are clustered within easy walking distance. what I love the most is Christ Church Cathedral, where is Norman, with Victorian rebuilding, but its roots go back deep into the Saxon era.

INNOVATION:

- A debate involves a discussion of the pros and cons of an issue
- Debating successfully is all about using argument and persuasion to convince other people that your views are right.
- We were divided into two groups, debating on the topic of "Should women wear make-up and high heels?"

GREENE KING BREWERY
BURY ST EDMUNDS TOWN

1. Bury st Edmunds

is a market town. It's known for brewing and malting (Greene King brewery) and for a British Sugar processing factory, where Silver Spoon Sugar is produced. The town is the cultural and retail centre for West Suffolk. The town grew around Bury St Edmunds Abbey, which is why its name is Bury St Edmunds.

2. Green King Brewery

 is a company that has been winning pubs and brewing award-winning beer from their base in Bury St Edmunds ever since it was founded in 1799 by 19 year-old Benjamin Greene.

British Royal History

Henry VIII, 1509-1547, the king who had 6 wives. Gemma told us the interesting story about him and how he became so famous even at present! Henry was the second Tudor monarch. He is best known for his six marriages and in particular, his efforts to have his first marriage to Catherine of Aragon annulled!
